

Transforming Chakra Patterns The 5th Basic Seminar

This two-day seminar introduces you to the core of who you are as an energetic system. You learn about the chakra system and how each of these concentrated reservoirs of energy controls and impacts your body, your emotional responses and your mental attitudes.

Using the Resonance Repatterning® System for Positive Change

- Transforms the way we function in thought, feeling, and action
- Re-connects us to higher states of energy
- Increases our awareness
- Releases our resonance with old patterns
- Establishes new patterns we need and want

The tools for transformation you will receive include:

New Repatternings that help you to transform yourself and your life are demonstrated and practiced. They are:

- Chakra Repatterning (to manifest the strength of each chakra)
- Disrupted Energy Repatterning (to balance the expansion and relaxation pulsation of the chakras causing emotional and physical problems)
- Sound-Frequency Repatterning (to support your constitutional sound and clear resonance with non-coherent generational sound patterns)
- Life Cycle Repatterning (to clear energetic obstructions for ease of daily living and creative endeavors)

New Modalities are specific for chakra transformation and include The Fusion Process, Energetic contacts, Breathing Patterns, Chakra Movements, Color, Ayurvedic Sounds and Specific Fragrances
